DIGITAL TECHNOLOGIES USER AGREEMENT

Access to digital technologies, including computers, school network, programs, the internet and online platforms for storing student work and collaboration are utilised as a tool for learning. While internet access is filtered at school by the Department of Education, and the school has strategies in place to teach children responsible browsing and net-etiquette, general internet browsing that your child undertakes from locations other than school is **not** monitored or filtered by the department. This agreement has been created to provide students with an understanding of the rules around using digital technologies.

Student Agreement:

Throughout my time at Camelot Rise Primary School, I agree to use the digital technology equipment and programs from our school in a responsible manner for purposes stated by my teacher.

At all times, I will:

- use digital technologies only as instructed by my teacher.
- keep my passwords to myself.
- not ask others for their passwords.
- follow school rules when using digital technologies.
- care for and look after all technologies.
- only access my own work (folders or files) on computers.
- always have my teacher's permission before communicating online.
- tell my teacher if I see anything online that makes me feel uncomfortable in any way.
- not use the internet to frighten, bully or annoy other people.
- only use social media apps, programs or accounts created by the school (eg. Seesaw, WebEx), as instructed by a teacher.
- follow the school's mobile phone policy.

I agree to comply with this digital technologies user agreement.

I understand that if I break the rules I will lose access to digital technologies at school.

I understand that all teachers will enforce the digital technologies agreement, not just my own.

Student Name: _____

Student Signature: _____

I have read and discussed these conditions with my child and acknowledge that my child will use digital technologies correctly at Camelot Rise Primary School, or have access to digital technologies removed from them.

Parent/Guardian Signature: _____

Date _____ / _____ / 20____
