

Camelot Rise Primary School

Where Legends Begin

Dear Parent/Guardian,

Curriculum Contributions for 2025

Year 1 and Year 2

Camelot Rise Primary School is looking forward to another great year of teaching and learning and would like to advise you of the voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

Within our school, your curriculum contributions have allowed us to provide students with enhanced digital learning opportunities and school improvements through:

- *new playgrounds and cubbies for all students*
- *refurbishment / painting and maintenance of existing playgrounds*
- *split systems air conditioning and heating units installed in Units B and D*
- *the leasing and maintenance of new Digital Technologies and software*
- *STEM resources such as Drones, Speed Cameras and 3D Printer supplies*
- *replacement of and regular maintenance of the synthetic grass on the netball and basketball courts*
- *continually upgrading the reading material for all students*

Your financial support has also contributed to the purchasing of visual art resources, music and sporting equipment and are also able to offer the Bike Ed program, choir and lunchtime clubs. These activities all run alongside the traditional classroom teaching and learning programs and are important in providing a balanced and whole education for your child.

We want to thank you for all your support in making these payments and for the additional support you provide whether that is through fundraising or volunteering your time. This makes a huge difference to our school and the programs we can offer.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

ONE PAGE OVERVIEW

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
